This month, Rothy and Milo tackle the Springs 4x4 Camping and Adventure Park in Warwick, QLD. Teamed up with two more 40 Series Toyotas, the three trucks take on some seriously muddy terrain and prove their worth right up until Milo unfortunately breaks its transfer case. Using his never-say-die attitude, Rothy limps Milo back to HQ, where the gearbox gurus from Terrain Tamer come to the rescue. With Milo back on the road, they headed back to the Springs to do it all over again!

It wouldn't be right if there wasn't something brewing in the Rothy kitchen, and this time it's a minced pie. We're not sure how much chilli sauce went into it, but Watto definitely didn't stop hassling the cook for seconds.

In our custom segments, we go tough touring with the trick Mitsubishi Challenger, grab a behind-the-scenes look at our own 4WD Action project vehicle – the Mazda BT-50 – and to get your motors running, take a look back at some of the toughest hardcore customs we've featured!

In the tech department, the 80 Series gets a makeover in the form of new bar work and side steps. It's not about looks, though, as we show you just how much improvement it'll make. *Australian 4WD Action* – it won't cure a hangover, but it will cure boredom!
