In this issue of 4WD Action, Roothy, Glen and Jamie are back together again searching for the biggest off-road challenges south-east QLD can throw at them. The trip starts in Aramoor and heads towards Kenilworth – a region that was ravaged by floods earlier in the year. With tracks completely washed away in the devastation, this is going to be one intense weekend!

Get ready for dizzying steep tracks, unforgiving thick mud, and bogholes the size of your house! With recovery after recovery, the winches don't get a break, and neither do the boys! Tune in to see whether it's Milo, Glen's 80 or Jamie's Defender that ends up on top – you might be surprised.

Also on this DVD, we've got three tough customs: a Hilux, a GQ Patrol and a 100 Series that are all built to seriously go bush. Roothy cooks up a Guinness Steak Soak that's sure to have you firing up the barbie. We catch up with Allan Gray from Terrain Tamer for the next instalment of 'The Project', and we check in with the teams at Ark, Lightforce and X-Trail for the latest updates on their products.

4WD Action DVD – the only way to see the best bits of Queensland without leaving your lounge room!
