We already know the effects that wet seasons have on tracks, but this issue's trip is beyond a joke. The Kingdome Come Track in Cape York has had one too many years under the spell of Mother Nature, as Roothy and the gang find out the hard way.

With the track all but vanished into the mists of time, the Cape takes its toll on our intrepid adventurers and their vehicles. Bush mechanic skills are a must in this country, and we're lucky to have some of the best in the business along for the ride. If you like your 4WD adventures rough, then this trip's for you!

Also on this DVD, we've got three beautiful custom trucks, a 76 Series, Hilux and Jeep Wrangler, all ready to hit the bush.

Then, Roothy cooks up a Pork Risotto that will make your mouth water.

We catch up with Allan Gray from Terrain Tamer for part four of The Project and see how the build-up of the FJ45v is progressing, and we hear the latest from the guys at Allied Wheels, Here & Forbes and GIC.

4WD Action DVD: the only 4WD show game enough to stand up to the toughest parts of Cape York!
